

Holy Trinity Regional School Enrichment Program

Winter Session 2012

Courses offered: (Registration deadline: January 13th)

Introduction to Fencing: Instructor: Mr. Ellis “teacher HTRS”

Class description: Learn the ancient art of dueling in complete safety! Students will learn the basic positions, how to parry and thrust, advance and retreat, and the rules of fencing. Eight one hour sessions will familiarize students with the sport, and give them a good idea of whether they would like to pursue fencing on a more formal basis. Benefits of learning this skill include mental and physical agility, speed and quickness, honing reflexes, self-discipline and history. Fencing is an Olympic sport, and has often been described as mental chess. Focus on safety will be the top priority. Equipment will be provided, including helmet, glove, French foil and vest for use in the course.

Mr. Ellis will offer 2 classes to students in Grade 2-5—limited to 8 students per class.

Have fun and draw Instructor: Coco Larrain “artist/teacher”

Class description: “Let go and learn that you CAN draw anything! In these 4 classes we will discuss the five “basics” of drawing—circle, dot, line, angle, and curve. From these elements, we will learn that we can create all different kinds of drawings from realistic to abstract--and we will learn the difference. We’ll begin by creating a beautiful bird while learning different ways to use “line” and our imaginations. Then, we’ll explore how to “overlap” in our abstract, imaginative drawings and we’ll finish up with a still life drawing of our favorite things. A variety of materials will be explored to make each project fun and different!”

Coco is currently a guest seminar teacher of Pet Portraits at Chatham Middle School and she has taught nursery through grade 8 art classes at The Laurel School for 6 years.
